

MYW-BA

Long Distance Adaptor For MY/MK Series Video Door Stations

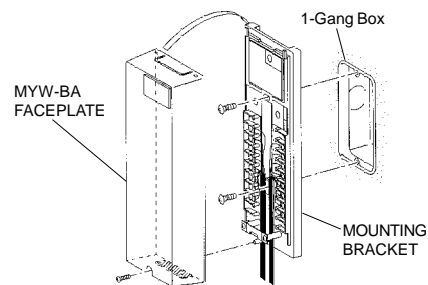

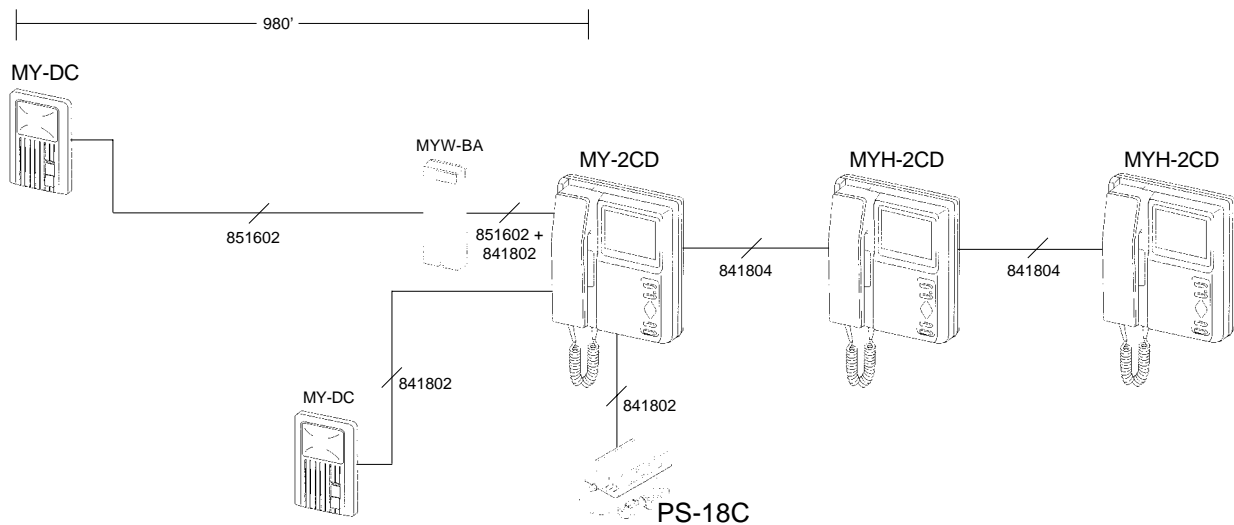

DESCRIPTION:

The MYW-BA adaptor is designed for applications where a video door station is required, but is beyond the standard distance limitation of 330'. The MYW-BA can be used with the MY or MK video door stations. Aiphone specified cable (#851602) is required.

The MYW-BA extends the maximum distance of an MY or MK door station to 980 feet. When using a modular audio/video system, an audio intercom (LEF, IE, or TD-H/B) is required with the video for a complete system. The type of intercom depends on the user's needs and the total distance specifications.

FEATURES:

- Video door station can be up to 980' away from monitor
- Works with all MY and MK video systems

MOUNTING:**SYSTEM LAYOUT EXAMPLE:****SPECIFICATIONS:**

Power Source: 18V DC. Use PS-18C for first 3 video units, including adaptor and monitors. Use PS-18YC/A for each additional 2 monitors.
