AirTrack MB-1
Multipurpose 1D Mobile Computer

The MB-1 multipurpose mobile computer is designed for light commercial use in the retail and logistics industries. The MB-1 comes pre-loaded with AT Suite software apps for maximum flexibility out of the box. Add AirSupport service to your MB-1 mobile computer for extended comprehensive warranty coverage, technical support, AirSpare, and more.

INDUSTRY APPLICATIONS:

- Retail (inventory)
- Logistics (shipping & receiving)
- Warehouse (inventory)
- Light manufacturing (tool tracking)
- Various industries (asset tracking, barcode audit & verification)

KEY FEATURES:

ABC123456

1D BARCODES   AT SUITE APPS   MULTIPLE VIEWABLE
                                             ANGLE

Easy Data Collection

The MB-1 mobile computer comes equipped with AT Suite pre-loaded software apps designed for common data collection tasks, ready to go right out of the box. The MB-1 can easily scan 1D barcodes, and loads data to any Windows PC using a USB cable and the included AT Sync upload utility. Multiple Viewable Angle tech makes it easy to read the LCD screen from any angle.

Durable AirTrack Mobile Computer

The AirTrack MB-1 mobile computer has a durable design for use in retail, warehouse, and manufacturing environments. The MB-1 has an IP54 water and particulate rating and is capable of withstanding drops from 4 feet. It can operate in temperatures as low as -4 F/-20 C and as high as 122 F/ 50 C. The battery lasts for 4,000 scans.

What is AirSupport?

In addition to industry-leading warranties, add AirSupport to your products for:

- Extended warranty coverage against defects
- Comprehensive coverage on select products
- Technical support for the life of the warranty
- Free 30-day demo for pilots

- AirSpare – If your device stops working due to a manufacturing defect, get a comparable spare while we evaluate it*
