AlphaPass Proximity Credentials

Premium Quality – Rapid Delivery – Surprising Value

Guaranteed compatibility, rapid delivery, and economical pricing – what more could you ask for in a proximity credential? AlphaPass cards, fobs, and tags are universally compatible with most brands of 125 kHz proximity readers, including HID and Indala. Our cards are rigorously tested, ensuring that they are most durable card available on the market. We are so confident in our credentials that we offer a lifetime guarantee against any manufacture's defects.

Stop settling for the long lead times required by other manufacturers. Your order of AlphaPass credentials will be ready within 24-48 hours. This means you'll get your credentials weeks faster than with typical competitors—and at a fraction of the cost.

ALPHAPASS ADVANTAGES

- Rapid delivery with 24-48 hour turn around time
