### Comprehensive Solutions for Point of Sale

Bartender In-a-Box | POS Main Station is designed exclusively for the hospitality market with a specific focus on bars, taverns and night clubs. This innovative solution combines best of breed hardware and Two Touch's point of sale software allowing you to offer a premium, easy-to-use, and fully featured POS system. With software pre-loaded and hardware components pre-configured, this solution enables:

- Easy and fast order entry with as little as two touches of the POS touch screen
- Better efficiency and tighter control of pricing, sales tax and tabs
- Acceptance of tracking of customer loyalty and gift cards

From bars and taverns to night clubs and restaurants, this fully turnkey bundle is ready to use, plug-and-play out of the box.

*Bartender In-a-Box | POS Main Station is available exclusively at BlueStar!*
