Capture and store important documents quickly and easily

ADS-2000

Robust Software

The included software makes the ImageCenter™ ADS-2000 a powerful scanning package:

Presto!® PageManager® 9 SE (Mac®)

- Scan and organize digitized files. . . View, edit, e-mail or save files as searchable PDF, HTML, RTF, or TXT files.
- Quickly merge multiple file formats from various folders into a single, multi-page PDF.
- Define a folder as a document inbox for e-mail attachments so you can easily monitor all incoming files.
- Scan to E-mail, Scan to Folder, Scan to OCR, Scan to PDF, or any designated application.

Presto!® BizCard 6 (Windows®)

Presto!® BizCard 5 (Mac®)

- Scan and export contact information directly to Microsoft® Outlook® and other contact management systems.
- Capture and convert business cards into a searchable and editable database.
- Sort contacts by company group, category, first or last name.

Nuance® PDF Converter Professional 7 (Windows®) (Not supporting XP 64bit)

- Convert paper and PDF into Microsoft Office documents.
- Search and highlight information in PDFs.
- Control, view, edit, and print documents with complete security.

Nuance® PaperPort 12 SE (Windows®)

- Fast, professional, and productive scanning made easy from almost any device.
- Powerful industry-standard PDF creation and editing.
- Create and fill out electronic forms quickly and neatly.

Also Includes:

TWAIN, WIA, ICA & ISIS Drivers

Use to control all the details of the scanner settings. Compatible with any application that uses TWAIN/WIA/ICA/ISIS device support.

Key Features:

Document feeder with duplex scanning

Supports multi-page document scanning via the 50-page auto document feed capacity (ADF). Up to 24ppm (one sided) or 24ppm (two sided)*.

Multi-Feed Detection

Multifeed occurs when two more sheets in the paper feeder are fed simultaneously into the scanner. If you continue scanning documents without knowing about this error, you could skip some of important data while scanning the document. The Multifeed Detection function this scanner provides can help prevent such errors.

Blank Page Removal

Blank page removal is especially usefully when performing duplex scans so that you can omit any pages that have no content. Save storage space and eliminate the need to edit scanned documents.

ImageCenter™ ADS-2000 Desktop Scanner Technical Specifications	
Resolution	Up to 600dpi (optical) 1200dpi (interpolated)
Document size	up to 34" in length and 8.5" wide
Image sensor	Dual CIS
Scanning mode	24-bit color, 8-bit (256 levels) grayscale
