MEET THE NEW ADDITION TO YOUR SQUAD

The SHARKEE Range provides antenna coverage for multiple technologies within one antenna housing. Trusted by public safety, utilities and transportation companies all over the world the Sharkee sets the industry standard in functionality. The range offers antennas with up to three internal antenna systems, 4G/3G/2G LTE cellular, WiFi/WiMAX, integrated GPS/GNSS module with 26dB LNA gain and an optional whip mounting for VHF or UHF whips. Requiring only a single hole fixing, the Sharkee reduces vehicle damage, cost of installation and visual impact whilst protecting vehicle resale value. The OEM shark fin style design provides multiple antenna functions while remaining discreet and is suitable for the public safety (covert and discreet), industrial and transportation sectors, where a cost effective, efficient and robust antenna is essential to the application.
