## Getac E100 Fully Rugged Tablet

800 NITs sunlight readable display  
with touchscreen

Light weight 3 lbs. design

MIL-STD 810G and IP65 compliant

80GB solid state drive

Full magnesium alloy case

Fan-less design

Industry's-best 5 year bumper-to-bumper warranty

### The Getac E100 Fully Rugged Tablet

The E100 is one of the lightest fully rugged tablet PC on the market weighing in at a mere 3 lbs. Despite its trim look and feel, the E100 is every bit as tough as the heavyweights. It meets all MIL-STD 810G and IP65 standards and can be configured for -20°C cold weather operation.

The E100 comes standard with many upgraded features including a large 8.4 inch super-bright 800 NIT sunlight readable display with touchscreen for amazing viewability even in direct sunlight. The E100 also includes Bluetooth, integrated GPS and WLAN. For added connectivity, GPS and 3G Gobi™ 2000 are available.

The Getac E100 Fully Rugged Tablet comes standard with an 80GB solid state drive. The E100 comes with Windows® 7 operating system and has both a numeric keypad and programmable quick keys. The Getac E100 is covered by the industry's-best 5 year bumper-to-bumper warranty.

The E100, with its rugged design and powerful software tools, is built to handle the task wherever your job takes you.

<b>Expansion Slot Options</b>	PCMCIA Type II + smart card reader Smart card reader x 2		
<b>Security</b>	TPM 1.2 Cable lock lock		

Specification subject to change without notice.

Battery performance will vary based on software applications, wireless settings, power management settings, LCD brightness, customized modules and environmental conditions. As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings.

\* For storage and solid state drives, 1GB = 1 billion bytes; actual formatted capacity less.

\*\* Weight varies by configuration and manufacturing process.
