

## ● HPS12U

**Connect Multiple Printers To A Network.  
Print From Any Computer Over The  
Internet/Intranet.  
Easy To Install And Use.  
2 Year Warranty.**

### **PACKAGE CONTENTS:**

- One HPS12U 2 USB + 1 Parallel Port Printer
- One A/C Power Adapter
- Setup Disk
- Quick Installation Guide

### **Print over the Internet/Intranet to your home or office networked printer!**

The Hawking HPS12U 2 USB + 1 Parallel port 10/100 Internet Print Server is a powerful and convenient tool to connect your USB and parallel printers to a 10/100M Network. Through its enhanced functionality, the HPS12U can support up to three printers at one time (2 USB + 1 Parallel). The Hawking HPS12U combined with the Internet Printing Protocol (IPP) lets you easily connect to any printer and print documents by specifying the print server's IP address. With IPP technology, printing over a WAN or the Internet becomes much easier. You can send a print job to a printer in another country just as easily as sending a print job to your home or office printer. IPP eliminates the need for fax communications between offices. Simply print an original document through the HPS12U's IPP capabilities and send it from one office to another. The print quality from IPP printing is equal to that of a document printed from your local office. The HPS12U will turn your printers into fully functional networked print stations.

### **System Requirements:**

- Windows 95/98/2000/NT/ME/XP, NetWare, Mac OS \*\*, UNIX or LINUX
- 10Base-T Ethernet or 100Base-TX Fast Ethernet network
- Parallel Printer and/or USB Printer

\* The HPS12U is not compatible with multi-function printers.

\*\* Supports Postscript Printers Only.

# 2 USB + 1 Parallel Internet Print Server

CONNECT WHEREVER YOU WANT • WHENEVER YOU WANT

## CAREFREE NETWORKING

### HPS12U

#### Easy To Install And Use

#### Easily Connect Multiple Printers To A Network

#### No Need For a Dedicated Print Server Computer

#### Two Year Warranty

### SPECIFICATIONS:

#### Interface

- 10/100M RJ-45 x 1 (Auto-MDIX)
- USB 1.1 x 2 + DB-25 x 1 (Parallel Printer Port)

#### Network Protocol Support

- IPX/SPX, TCP/IP, IPP, DHCP, LPR, Raw Printing, Novell NetWare, Windows Sever-Based Printing, and AppleTalk protocols

#### Network Operation Systems Support

- Windows 95/98/98SE/ME/2000/NT/XP
- NetWare 3.x and above
- Mac OS (Supports Postscript Printers Only)
- Unix and Linux

#### Power

- 12V DC, 1A Linear Power Adaptor

#### Operating Environment

- Temp: 10~40oC
- Humid: 10~90%

#### Certification

- FCC Class B
- C-Tick
- CE

### READY, NETWORK & GO!

It's easy to install, it's easy to use!

#### Step 1 - Connect It!

Connect your printers to the HPS12U's printer ports. Connect to an existing network via the RJ-45 Port. The HPS12U uses a 10/100M auto-sensing Ethernet port so you don't have to worry about what speed your network is currently using.

#### Step 2 - Install the Drivers and Utilities

Insert the setup CD into your computers' drive and run the setup program. Configuring your HPS12U is easy. You can use the Windows based configuration utility or configure the HPS12U via any web browser.

#### Step 3 - "Add" it!

Simply run the Add Printer wizard and specify that you are printing to a network printer. For Internet printing, enter the printer's URL or IP address.
