

for iPhone 6s, iPhone 7, iPhone 8, and iPhone SE (2nd)

LINEA PRO 7i

Increase Power and Workflow with the Hot-Swappable Battery

The Linea Pro 7i is a durable, compact device designed specifically for the iPhone 6s, iPhone 7, iPhone 8, and iPhone SE. With multi-purpose scanning capabilities and hot-swappable battery feature, this device is suited for any type of industry and can keep your business mobile around the clock.

HIGH-SPEED HANDHELD SCANNER

The 1D/2D multi-purpose barcode scanner allows businesses to manage their inventory and operations. The Linea Pro 7i scanner rapidly scans barcodes and can process thousands of scans on a full battery charge.

DURABLE AND COMPACT

This device is comfortable to hold and lightweight, with an optional customizable case and hand strap. The durable hardware is suitable for any industrial environment and features an IP65 rating to protect against dust and moisture. It also features a hot-swappable battery to keep the device operating around the clock.

CONNECT AND MONITOR

The LP7i comes with Bluetooth compatibility options, connecting you to all other business devices. Contactless and RFID capabilities are also available to facilitate wireless communication and processing.

OPTIMIZATION TOOLS

This device is well-suited for any enterprise business. High-speed processing functions equip the Linea Pro 7i to keep up with fast paced business workflows. Process data in real-time with advanced scanning capabilities.

COMPREHENSIVE SOFTWARE

The device is compatible with a range of software platforms and offers a variety of software tools. It features an SDK so you can integrate existing platforms seamlessly. The Linea Pro 7i simplifies the software integration process.

SAFE AND SECURE

Mobilize your operations with a device that you can trust. The Linea Pro 7i comes with FCC, CE, and RoHS certifications.
