

INNOVATIONS FROM ITW LINX!

RacMAX Light

⚡ Multi-color, cool, clean lighting! The RacMAX Light provides clean, cool, glare-free and directional LED lighting for up to 3 feet of rack space. The LED light rod is virtually unbreakable and is designed to replace troublesome and expensive rack lights.

In fact, the RacMAX Light will never burn out. With solid-state technology and no glass bulbs, they can withstand jarring. They have the appearance and appeal of a neon tube, without the hazards. The RacMAX Light offers a choice of colors. Switch from one color to another at any time.

RacMAX Light Features:

- Acrylic Light-rod / LED Light Source
- Protect or Disconnect surge protection circuitry
- Single-height rack mountable chassis
- EMI/RFI noise filtration
- Front panel circuit breaker

Protect or Disconnect™ Circuitry

Safeguards equipment against all surges. In the event of a catastrophic surge, such as lightning, it completely disconnects AC power to connected equipment.

1. Catastrophic Surge
2. **COMPLETE DISCONNECT**

PART No. **RML200**

RacMAX Light Common Features:

- Nine foot power cord
- Front panel light switch allows you to choose from Red, Blue or Purple colored light
- Rotary light control for On/Off and brightness
- Front panel convenience outlet
- 9 AC outlets controlled by front panel On/Off switch

TECHNICAL SPECIFICATIONS

AC SURGE PROTECTION

Protect or Disconnect Circuitry	Yes
Single Pulse Energy Dissipation	576 Joules
Peak Impulse Current	32,000 A
EMI/RFI Noise Filtration	50db (100 KHz-1 MHz)
Line Voltage	120VAC, 50/60Hz
Protection Modes	L-N, L-G, N-G
Maximum Current Rating	15A (1800W)

GENERAL

UL 1449 Rating	330V
