

# Jabra Engage Series wireless headsets

## Engineered to be the world's most powerful professional wireless headsets\*

The **Jabra Engage Series** is an entirely new class of DECT wireless professional headsets engineered to boost customer satisfaction.

**Industry-leading professional wireless performance. Better customer connections.**

Provides superior wireless connectivity to a range of up to 150m/490ft. Enables up to 3x more users to operate in the same office space – with no loss in connection quality.<sup>1</sup>

**Crystal-clear calls. Enhance the customer experience.**

Advanced noise-cancelling microphone and enhanced speakers deliver crystal-clear calls even in noisy offices. Meets Skype for Business Open Office requirements.<sup>2</sup>

**More talk time, less interruption. Increase productivity.**

Up to 13 hours talk time<sup>3</sup> and a busylight that acts as a do-not-disturb sign for colleagues.

**Any call, from any device. Increase availability for calls.**

Connect to up to five devices<sup>2</sup> simultaneously, increasing your team's availability for customer calls. Can connect to 2 USB devices (softphone and/or desk phone<sup>4</sup>), 2 Bluetooth® devices and 1 analog desk phone.

**Choice of wearing styles. Support different workstyles.**

With a choice of stereo, mono and lightest-in-category convertible models, there's a Jabra Engage for everyone.

**Rich call analytics.<sup>1</sup>**

Drive customer satisfaction with data driven decisions.

\* Relates to Jabra Engage 75/65 Stereo and Mono variants. February 19, 2018. See facts on [Jabra.com/commercial-claims](http://Jabra.com/commercial-claims)

At a glance

**Jabra Engage Series wireless headsets**

- Up to 150m/490ft range
- Up to 3x wireless density<sup>1</sup>
- Advanced noise-cancelling microphone
- Up to 13 hours talk time<sup>3</sup>
- Integrated busylight
- Rich call data for insights

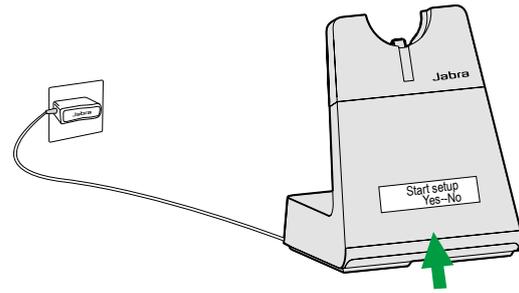

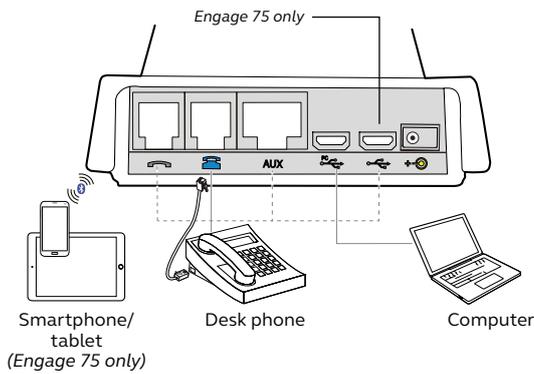

Works with

Getting started

Connect to power

First, connect the desk phone and PC cables to the base. For information on your specific phone, refer to <http://www.jabra.com/compatibilityguide>

Then plug the base into a power supply, and then scroll to the Setup Wizard in the menu (Engage 75) or follow the voice-guided menu to get connected.
