

Receipt Printers

K3

The K3 is the ideal product to print receipts, coupons, kitchen orders, invoices, or tickets. It is elegantly designed and conceived to suit any and all environments: be it high-end retail, fine dining, or warehousing. The K3 is equipped with the highest quality components allowing it to achieve unparalleled print speeds of up to 13" per second, while still maintaining industry leading product reliability.

Built in USB, Serial, and Ethernet along with optional WiFi and Bluetooth ensure the proper interface for any installation. Support for larger than standard paper rolls greatly reduces the number paper swaps, resulting in less interruptions and savings on labor throughout the life of the printer.

FAST PRINTING

Output receipts at a rate of up to 13 inches per second (350mm) saving time with every transaction.

END OF ROLL DOOR OPENING

With an option to automatically open the door when out of paper, the operator is never left questioning when to replace the roll.

POWERFUL SOFTWARE SUITE

Upload logos, edit fonts, copy printer settings and more all through the free CePrintSet software.

AUTOMATIC PAPER SAVING

Reduce your paper usage by up to 50% with the K3's built in paper saving function, saving money and the planet.

EXTRA LARGE PAPER ROLL

A large than standard paper roll greatly increases time between roll changes saving both time and money.
