RECEIPT PRINTER RP-100-300II

QUIET, HIGH-SPEED RECEIPT PRINTING

RP-100-300 II: Quiet, High-Speed Receipt Printing

For retail and hospitality businesses that need a dependable and fast receipt printer, the RP-100-300 II is an ideal choice. Its compact form and quiet operation help it fit well in any setting.

The Partner Tech RP-100-300 II is a high-performance, direct thermal line 3-inch receipt printer that offers reliability, flexibility, and speed for a variety of applications.

Fast, Sharp Receipts

One of the strengths of the RP-100-300 II is its top printing speed 300mm per second, reducing transaction times and increasing customer satisfaction. And at a resolution of 203 dpi, receipts are crisp and easy to read.

Get the Look You Want

The RP-100-300 II allows you to customize the appearance of your receipts: line spacing is adjustable, and characters can be bold, underlined, or enlarged. The printer also supports different density bitmap and graphics printing, so you can add logos to enhance receipts, coupons, or vouchers.

Add Barcodes Too

The RP-100-300 II is capable of printing in several two-dimensional barcode modes, so you can further customize your receipts with barcodes for such uses as loyalty programs or customer satisfaction surveys.

SPECIAL FEATURES

300mm/sec high speed printing

2D barcode printing

Integrated buzzer

Star or ESC/POS emulation

Wall mount support

Multiple interfaces (serial, Ethernet, and USB)
