

MHA100

Mobile Headset Amplifier

Trouble Hearing on the Phone? Now Hear Clearly!

Connect this mobile amplifier to a Plantronics headset and anyone who has difficulty hearing—or who uses their mobile phone in a noisy environment—will enjoy clear and understandable conversations.

- **Features Clarity® Power™ Technology**

Conversations are not only louder—they're clearer and easier to understand.

- **Hear Every Word up to 3 Times Louder**

The MHA100 increases incoming sound up to 24 dB—enabling individuals with difficulty hearing to have clear and understandable conversations on a mobile phone. It also improves conversation clarity in noisy environments, even if hearing loss is not an issue.

- **Voice/Sound Activation**

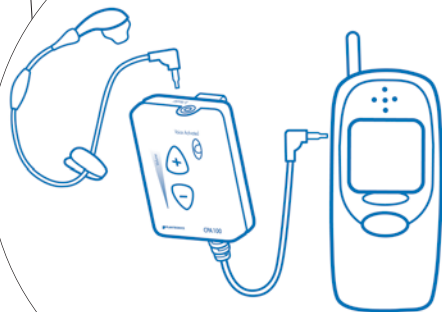

The MHA100 turns on and off automatically to help conserve battery life.

- **Easily Connects Between Phone and headset**

This amplifier works with most mobile and cordless phones with a standard 2.5 mm headset jack. An adapter may be required if your phone does not have a 2.5 mm jack. (Headset not included.)

- **Power**

Requires three AC675-type standard hearing aid batteries (included).

Product Order Specifications

Model No.	MHA100
Unit	
UPC Code US	0 17229 11686 3
Quantity	1
Package Dimensions	9.15"W X 5.75"D X 1.25"L
Weight	0.206 lb.
Case	
UPC Code US	300 17229 11686 4
Quantity	3
Dimensions	9.5"W X 5.75"D X 3.75"L
Weight	0.78 lb.
Master Carton	
UPC Code US	100 17229 11686 0
Quantity	12
Dimensions	12.4"W X 7.9"D X 10.4"L
Weight	4.8 lb.
Pallet Quantity	864
Country of Origin	China
