Options

WiFi, MSR, 2D scanner, 2 x 20 VFD customer displays, LED LCD and secondary monitors, fingerprint reader

Compact All-in-One Solution

The HS3314 is an all-in-one compact POS terminal solution with a generously sized 14" display. It is the best value option for SMB's and Mom & Pop stores where counter space is needed to be maximized. It is an Android based all-in-one POS featuring a detachable printer for easy maintenance, and can be

integrated the most widely used peripheral options in daily POS operation. The HS3314 conveniently comes with an integrated printer and options of adding an MSR, scanner, as secondary display or other peripherals. Its small stature makes it an ideal POS station for pop-up stores and restaurants, sidewalk

sales, curbside ordering, food trucks and more. The HS3314 is modularly designed to allow for quick and easy replacement of its integrated printer, in the rare case the printer needs service, without having to service the entire device.

HS3314
