- Comprehensive suite of peripherals and services
- Innovative excellence since 1984 with more than 30 patents for innovation
- Global presence
- Two ISO 9001/9002/14001 Certified Facilities

Hybrid Fixed and Mobile POS
All-in-One Compact POS with Mobile Freedom

Posiflex has bridged the fixed terminal / mobile gap with the innovative MT4008 system. This hybrid Windows 8.1 Industry Pro driven system takes an aluminum diecast, multifunction tablet and transforms it into a complete, compact, all-in-one POS system.

An optional pistol grip with barcode scanner can be added for additional battery life and functionality. The pistol grip and tablet — or the tablet only — can be set in the optional docking station to create a fixed terminal or kiosk. This hybrid solution completely bridges the high standards of fixed terminals with the flexibility of being mobile as your business requires.

*   Footprint size based on comparison with Posiflex KS7215 terminal with stand-alone printer.
