Power and Performance

The XT7315 is part of the XT Series, built with an elegant yet practical design. Every curve and detail of the XT7315 line is carefully thought out to make itself one of the most visually desirable terminals in the market.

With the XT7315, you get a wide range of CPU options to fit your requirements. And, with a patented foldable base, users can adjust the screen to a height and angle of their choice, providing unparalleled flexibility.

With its fanless design, the XT7315 requires less maintenance and can run silently, which is ideally suited for high-end boutique stores or hospital environments.
