A smartphone for a smart price

Engaging display, compelling performance

The sleek, durable design is comfortable in any professional setting, along with a 6.6" FHD+ screen, a 50MP main camera that's perfect for barcode scanning, and a 13MP front camera that's ready for anything, including video conference calls.

Upgrade your team to 5G

Stay connected and productive with fast 5G and dual-band Wi-Fi, a long-lasting battery and expandable storage up to 1TB.

Experience the benefits of Galaxy for Work

Knox cloud solutions help deploy and manage corporate devices while securing business data. For project solutions, kiosk capability is available to lock the device into a single app.

Galaxy A14 5G

The essentials you need at the speed of 5G

Engaging display, compelling performance

Stylish, durable, practical
- Sleek design appropriate for any professional setting
- Affordable and practical

Dive into an amazing infinite display
- 6.6" FHD+ LCD Infinity-V screen delivers bright, beautiful images, videos and conferencing
- Infinity display delivers information edge-to-edge
- 90Hz seamless display features a fast refresh rate for smooth-as-silk video

Snap and share business-worthy moments
- Access content on a large, edge-to-edge screen
- Triple-lens camera: Main, 50MP; Front, 13MP; Macro, 2MP; Depth, 2MP

Upgrade your team to 5G

Work with ease at the speed of 5G
- 5G delivers ultrafast speeds and the ability to connect on video calls virtually lag-free[1,2]
- Connect securely and reliably without the need for Wi-Fi
- Avoid security risks of public Wi-Fi by using 5G instead

A battery that works as hard as you do
- 5000mAh long-lasting battery adapts to your unique usage patterns to optimize battery life
- 15W fast charging will have you back up and working quickly[3]

Save what matters most
- 64GB of internal storage, expandable to an additional 1TB[4]
- Plenty of space to keep your important information with you

Experience the benefits of Galaxy for Work

Connect devices seamlessly
- Work seamlessly across your phone, tablet and laptop through the Galaxy ecosystem
- Connect Galaxy Buds Pro2 and smoothly switch from video conferences to connecting with colleagues
- Send work files, photos or video to other Galaxy devices with Quick Share

Do more, worry less
- Knox cloud solutions help deploy and manage corporate devices while securing business data
- Three years of OS upgrades and four years of security updates included
- Samsung Care+ for Business offers an extended warranty[5], coverage for accidental damages, and hassle-free device repairs
- Real-time support from dedicated technical specialists and professional engineers can assist you with everything from device deployment to expedited exchanges

3. Macro camera
4. Flash
5. Earjack
6. USB Type C
7. Front camera
8. Volume keys
9. Power button + Fingerprint
10. Nano SIM + Micro SD

SAMSUNG

[1]Requires optimal 5G network connection, available in select markets. Does not support mmWave. Check with your carrier for availability and details. Download and streaming speeds may vary based on content provider, server connection and other factors. [2]5G speeds vary and require optimal network and connection (factors include frequency, bandwidth, congestion); see carrier for availability. [3]Chargers sold separately. Fast Charging capacity requires a Fast Charger. Supports up to 15W Fast Charging. Higher watt charger charges at lower watt device capacity (e.g., 25W Fast Charger will charge Galaxy A13 at 15W capacity). Use only Samsung approved chargers and cables. To avoid injury or damage to your device, do not use incompatible, worn or damaged batteries, chargers or cables. For more information on your device, please visit samsung.com. [4]MicroSD card sold separately. [5]All other products and services (such as Extended Warranty) have up to three years coverage. Sales can request special pricing or contract terms through Samsung's Special Price Authorization (SPA) process. [6]Total amount of available memory may be less based on configuration. [7]Portion of storage occupied by existing content.
