HD Security Camera with IR Illuminators and View-DR Technology

Sony is pleased to introduce a powerful addition to its network HD camera lineup, the SNC-DH180. This vandal-resistant, wide dynamic range camera is designed with a built-in infrared (IR) illuminators. As a dual-stream network camera, it supports H.264, MPEG-4, and JPEG compression formats, and delivers excellent picture quality in HD 720p resolution at 30 frames per second (fps).

Incorporating the new Exmor™ CMOS image sensor from Sony, which is specially designed for surveillance applications, this rugged camera features state-of-the-art image-enhancement technology, View-DR™, which delivers an extremely wide dynamic range. The SNC-DH180 also features an IR illuminators to deliver quality images even in absolute darkness (0 lx)*1. Along with a host of superb features such as DEPA™ Advanced, PoE, a built-in heater, and the Easy Focus/Easy Zoom functions, the SNC-DH180 Mini Dome Network Camera is ideal for the most demanding surveillance applications.
