

Ideal Cash Drawer for any Retail Environment

Star Micronics is excited to announce the addition of the SMD2 series to its mPOS solution lineup.

Star's SMD2 cash drawers give retailers the ultimate flexibility in providing their customers with a truly unique shopping experience. It supports wireless operation and allows the user flexibility in configuring their store layout without restriction due to wiring or other traditional infrastructure limitations. With the ability to communicate via standard printer driven interface with included cable or Star's DK-AirCash wireless option for Ethernet,

- Standard Size Cash Drawer
- DK-AirCash Connectivity Options include: Bluetooth 2.1, MFi Certified Bluetooth or Ethernet for mPOS
- Quality All Steel Construction

Bluetooth 2.1 or MFi certified Bluetooth communication; Star's SMD2 cash drawers enable secure cash management in any sales environment. Available in small (SMD2-1214), medium (SMD2-1317) and large (SMD2-1617) sizes with either white or black color finish, Star's SMD2 cash drawers have a look and fit suitable for any application.

Star's SMD2-1317 is ideal for any retail or hospitality environment. The SMD2-1317 offers a standard sized cash drawer with the connectivity options necessary in any sales environment.

- ABS 4 Bill / 4 Coin Removable Cash Till
- Kensington Lock Compatibility for Added Security
- Printer driven interface (cable included) or Star's DK-AirCash wireless option for Bluetooth 2.1, MFi certified Bluetooth or Ethernet communication
