

Paper Cards

with Inkjet Receptive Coating

SwiftColor’s genuine paper ID cards provide a durable, high-quality alternative to traditional plastic cards, ideal for short-term events, visitor passes, or eco-conscious applications. Our paper cards deliver sharp color reproduction, smooth finishes, and dependable performance across a range of uses.

Each card is crafted from microporous resin-coated paper, engineered for inkjet printing technology to ensure quick drying and vibrant image detail. Cards come shrink-wrapped in packs of 50, with 49 packs per box, for a total of 2,450 cards per box.

Sustainability Benefits

Our cards adhere to the following standards:

- **FSC® Certified:** All paper materials are sourced from responsibly managed forests.
- **ISO 9001, 14001, and 45001:** Our management systems meet rigorous quality, environmental, and occupational safety standards.
- **ISO 50001:** Certified energy management practices focus on improving energy efficiency and reducing environmental impact.
- **DIN EN 15593:2008:** Certified hygiene management ensures clean and controlled production environments.
