

MA-600

Versatile, compact & stylish

The versatile, compact and stylish MA-600 from TOSHIBA TEC combines the features and functionality of a high-range Electronic Cash Register designed for small-scale general retail and food service environments. With its interactive LCD display and easy to use 'drop in' clam shell thermal receipt and journal printers, the MA-600 is the flexible, low-cost choice for any business.

MA-600

MA-600
Flat Keyboard

PC Interface

Although the MA-600 is a stand alone machine, it has the capability to communicate with a PC via a built-in USB interface. The PC interface can be utilized for creating and editing programs, loading and saving existing programs, and updating software versions.

Additional Features

- Optional Integrated Electronic Payments - Credit, Debit, EBT
- Optional 2nd Cash Drawer
- Optional Slip Printer Interface
- Optional Extended PLU Keyboard - Adds up to 130 preset item keys
- Flash memory - Enables easy upgrading to future software versions

Toshiba TEC Dealer

The **MA-600** is the newest addition to the legendary range of Toshiba TEC Electronic Cash Registers, renowned for quality, reliability and low cost of ownership. With an ergonomic design, cool black color, and available in either raised or flat keyboard versions, the MA-600 is flexible enough for the widest variety of retail or food service environments.

Displays

The MA-600 boasts three displays; two LED displays (multi-color operator LED), and an interactive operator LCD display. The 192 x 64 dot, backlit LCD is designed for clarity and ease of programming and operations. Interactive help screens assist in guiding the user through set-up operations.

Thermal Printing

High speed thermal printing is achieved via the two station receipt and journal clamshell printers. With easy to use, 'drop and load' functionality, these printers minimize down time while improving customer throughput. In addition, thermal printing ensures a quieter operation, more flexible receipt options (logos, text and size), enhanced reliability and lower total cost of ownership - no requirement for costly ribbons.
