

The mPOS device that provides endless experiences.

e285

Provide your customers endless experiences with the Verifone e285, an integrated mPOS device with WiFi and Bluetooth communication options, allowing secure payment acceptance anywhere without dependence on a smart device. The solution features a color touch screen capable of signature capture and is built on the Verifone Engage platform, enabling rich customer interaction at the point of sale.

- Full-color touch screen display to promote loyalty, seasonal sales and more
- Accepts NFC/CTLS, MSR, EMV and mobile wallets
- Large field-replaceable battery for extended use
- Use of USB-C connector or Bluetooth® pairing, providing reliable setup and connectivity to smart devices
- Part of the Verifone Engage portfolio, leveraging the power and performance of our latest V/OS in a modern application environment
