

## WSFP

Die-cast aluminium reinforced support plate, suitable for WBJ, PTAC, WBM, WBOV mounts. It allows the internal cable to pass through a slot, and the threaded holes at the side, to connect to the WBOV bracket. Epoxypolyester powder painted.

## PTCC

Pole mount adaptor for PTBC bracket. It allows the Pan & Tilt/bracket couple to be firmly attached to the pole. Epoxypolyester powder painted.

## WCW

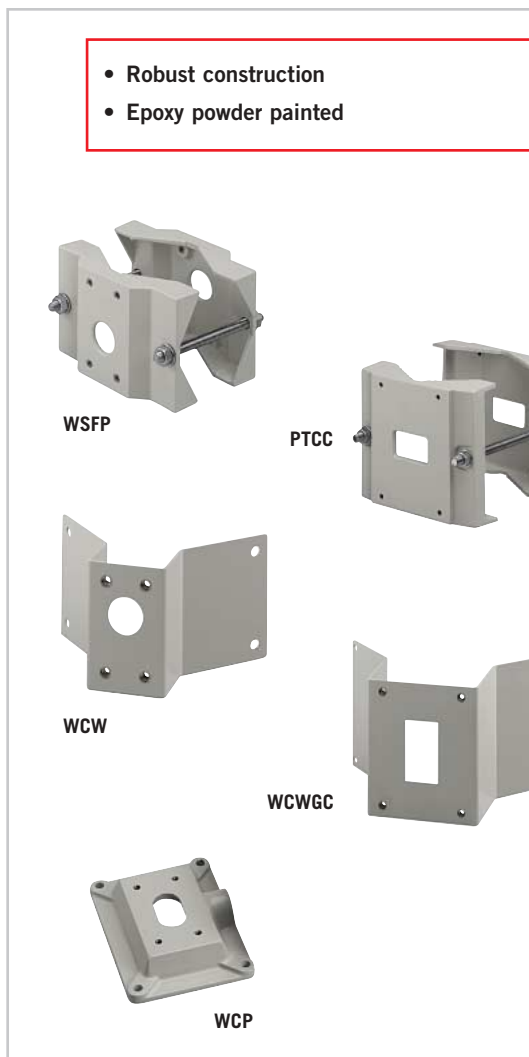

Corner adaptor for WBJ, PTAC, WBM, WBOV mounts. It allows the internal cable to pass through a slot, and the threaded holes at the side, to connect to the WBOV bracket. Epoxypolyester powder painted.

## WCWGC

Corner adaptor for PTBC bracket. It allows the Pan & Tilt/bracket couple to be firmly attached to the corner. Made of stainless steel, the adapter is epoxypolyester powder painted.

## WCP

Die-cast aluminium reinforcing support plate, suitable for WBJ, PTAC, WBM, WBOV mounts. It allows the internal cable to pass through a slot, and the threaded holes at the side, to connect to the WBOV bracket. Epoxypolyester powder painted.

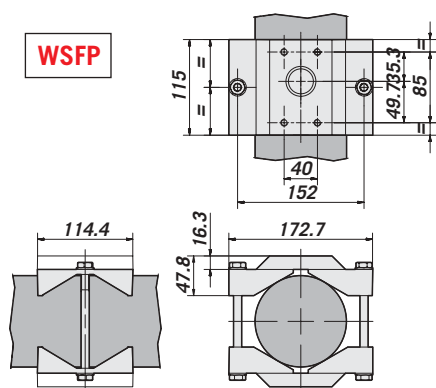

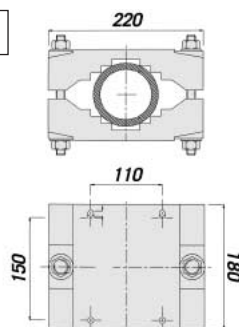

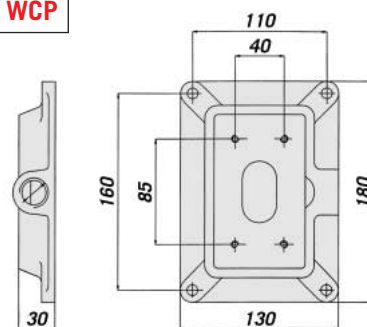

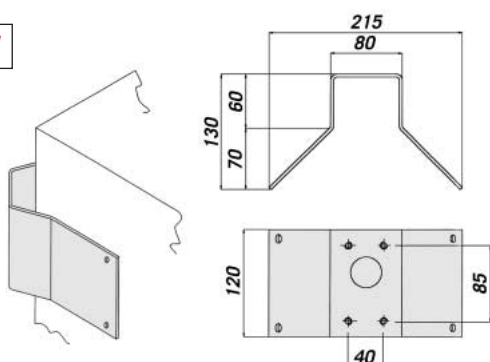

- Robust construction
- Epoxy powder painted

## TECHNICAL DATA

## GENERAL

**WSFP**

- Die-cast aluminium
- Epoxypolyester powder painted, colour RAL9002
- Stainless steel screws

**PTCC**

- Die-cast aluminium
- Epoxypolyester powder painted, colour RAL9002
- Stainless steel screws

**WCW**

- Made of steel
- Epoxypolyester powder painted, colour RAL9002

**WCWGC**

- Made of steel
- Epoxypolyester powder painted, colour RAL9002

**WCP**

- Die-cast aluminium
- Epoxypolyester powder painted, colour RAL9002

## MECHANICAL

**WSFP**

- Pole installation
- Load rating 30 kg (66.13 lb)
- Pole: Ø 65 - 110mm (2.55 - 4.33 in)

**PTCC**

- Pole installation
- Load rating 50 kg (11.22 lb)
- Pole: Ø 80 - 150 mm (3.14 - 5.9 in)

**WCW**

- Corner installation
- Load rating 30 kg (66.13 lb)

**WCWGC**

- Corner installation
- Load rating 50 kg (11.22 lb)

**WCP**

- Wall installation
- Load rating 50 kg (11.22 lb)

## ENVIRONMENT

- Indoor/outdoor

**Unit Weight (kg / lb):**
