

# 16" (15.6" viewable) Commercial-Grade TV

High-Definition Television for Hospitality Environments

**ViewSonic®**  
See the difference® 

**VT1602-L**

The ViewSonic® VT1602-L is a 16" (15.6" viewable) professional monitor with "edge white" LED technology, and a built-in ATSC/NTSC/QAM HDTV tuner ideal for hotel, retail, restaurant, and lounge TV systems. Featuring 1366 x 768 resolution, 650:1 contrast ratio, and 220-nit brightness, the VT1602-L delivers high-quality image performance. Integrated HDMI, D-Sub and YPbPr video inputs allow for versatile connectivity for high-definition devices. USB playback provides easy small-screen desktop signage by playing JPEG media files and MP3 audio. Users can also set up specific product calibration with internal programming features. Dual integrated 3W speakers and SPDIF functionality also make this LED TV a complete multimedia entertainment package.

## **Built-in HDTV Tuner**

The ViewSonic VT1602-L commercial TV has a built-in ATSC/NTSC/QAM HDTV tuner that receives both analog and high-definition TV signals.

## **USB Multimedia Playback & Cloning**

With the handy PC-less USB playback feature, photos and music can be immediately played and shared by plugging a USB drive into the display. In addition, the VT1602-L includes USB cloning for easy duplication in multi-screen environments.

## **Hospitality Mode for Automated Multi-screen Control**

The VT1602-L is great for multi-screen setups in hotels, restaurants, sports bars, or retail outlets that require automated control and customizable presets. With a programmable hospitality setting, each television can have the same customized channel default, audio level, front-panel lockout, and auto power-up settings.

## **Energy-saving LED Backlight with Long Lifespan**

The VT1602-L utilizes an energy-saving LED backlight that consumes 35% less power than conventional CCFL backlight displays, and has an extended lifespan of up to 30,000 hours\*.

## 3W Stereo Speakers with Digital Sound and External Speaker Out

The VT1602-L display has integrated 3-watt stereo speakers with digital sound to enhance on-screen multimedia performance with crystal-clear sound effects. Users can also add external audio via the digital SPDIF audio-out port.

## Versatile Input Selection for Flexible Connectivity

With the VT1602-L's versatile selection of inputs, you can easily connect and use a variety of digital equipment for use in hotel rooms and public areas. This includes an HDMI port to connect to high-definition content sources, as well as D-sub ports and composite inputs.

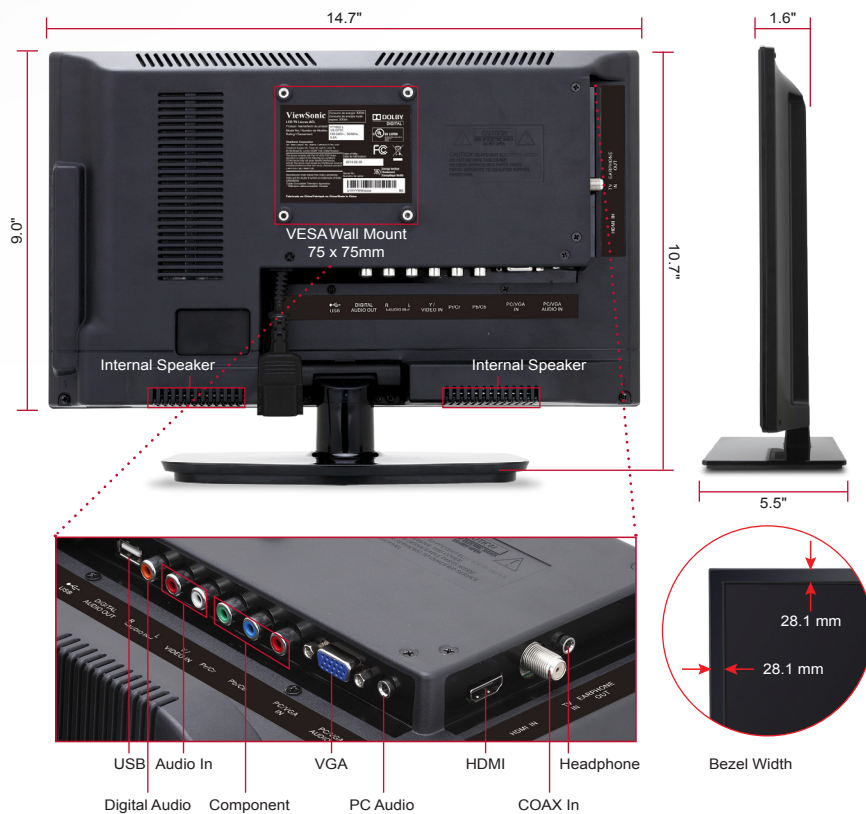

## Applications

- Small spaces requiring HD video and graphic content from multiple sources
- Hotels, restaurants, sport bars, and retail display shelves requiring versatile input functionality in a small screen
- Small screen custom installations
- Security monitoring

## Optional Accessory

Wall Mount.....WM-U1
