

22" Full HD "Edge White" LED Display

High-Definition Television for Hospitality Environments

VT2216-L

The ViewSonic® VT2216-L is a 22" (21.5" viewable) professional monitor with "edge white" LED technology, and a built-in ATSC/NTSC/QAM HDTV tuner ideal for hotel, retail, restaurant, and lounge TV systems. Featuring 1920 x 1080 resolution, 1000:1 contrast ratio and 250-nit brightness, the VT2216-L delivers high-quality image performance. Integrated HDMI, D-Sub and YPbPr video inputs allow for versatile connectivity for high-definition devices. Users can also set up specific product calibration with internal programming features. Dual integrated 10W speakers and SPDIF functionality also make this LED TV a complete multimedia entertainment package.

Built-in HDTV Tuner

The ViewSonic VT2216-L commercial TV has a built-in ATSC/NTSC/QAM HDTV tuner that receives both analog and high-definition TV signals.

USB Multimedia Playback & Cloning

With the handy PC-less USB playback feature, photos and music can be immediately played and shared by plugging a USB drive into the display. In addition, the VT2216-L includes USB cloning for easy duplication in multi-screen environments.

Hospitality Mode for Automated Multi-screen Control

The VT2216-L is great for multi-screen setups in hotels, restaurants, sports bars, or retail outlets that require automated control and customizable presets. With a USB-programmable hospitality setting, each television will have the same customized channel default, audio level, front-panel lockout, and auto power-up settings.

Energy-saving LED Backlight with Long Lifespan

The VT2216-L utilizes an energy-saving LED backlight that consumes 35% less power than conventional CCFL backlight displays, and has an extended lifespan of up to 30,000 hours*.

22" Full HD "Edge White" LED Display

VT2216-L

10W Stereo Speakers with Digital Sound and External Speaker Out

The VT2216-L display has integrated 10-watt stereo speakers with digital sound to enhance on-screen multimedia performance with crystal-clear sound effects. Users can also add external audio via the digital SPDIF audio-out port.

Versatile Input Selection for Flexible Connectivity

With the VT2216-L's versatile selection of inputs, you can easily connect and use a variety of digital equipment for use in hotel rooms and public areas. This includes an HDMI port to connect to high-definition content sources, as well as D-sub ports and composite inputs.

Applications

- Public spaces requiring Full HD video and graphic content within a mid-size screen
- Hotels, restaurants, sport bars, and retail display shelves

Optional Accessory

Wall Mount.....WM-U1
