

Unlock the Future of Food Services

Fuel productivity and customer loyalty with leading-edge solutions

Quick, accurate, convenient—and increasingly contactless. Today’s consumers expect a lot from quick service restaurants. How can you keep up? Transform your operations to empower seamless, hassle-free dining experiences. From ramped up drive through and curbside pickup to speedy self-service kiosks, only Barcodes, Inc. helps QSRs elevate their profit margins and customer engagement at every touch point.

Reimagine your restaurant

- Speedy and secure drive thru and curbside pickup
- PCI compliant point of sale
- Fully equipped self-service kiosks
- Faster, more accurate and safer order prep
- Innovative food pickup options
- Compatibility with third party delivery services
- Universal device management and support

Running a better restaurant starts with you, but it doesn’t end there. Barcodes, Inc. partners with tech’s biggest names empowering you to streamline food prep and pickup, minimize waste, maximize efficiency, and gain invaluable customer insights from rich analytics.

Smart tech. Smart bet.

Transform your QSR with top-of-the-line technology – curbside, in store, and back of house

Barcodes: A Fully Managed Turnkey Solution

Deliver on every demand with solutions designed to power you well into the future.

Experience Barcodes EDGE

- **Speed up the drive thru**—enable convenience, ease of payment and ordering with durable devices
- **Foster line busting**—shorten order wait times, boost revenues, and process payments on the go with efficient mobile devices
- **Update digital menus in real time**—modify menus on the fly, price flexibility and improving customer experience
- **Expand self-service options**—deliver convenience with contactless, self-order kiosks
- **Enhance contact-free pickup**—lock in convenience with contactless, heated locker pickup
- **Easily verify inventory levels**—leverage RFID technology to quickly catalog and track inventory, reduce waste, and improve accuracy in the reordering process
- **Seamlessly integrate software and devices**—monitor, print and label orders, ensuring order accuracy and quality
- **Streamline operations**—boost efficiencies, improve scheduling, and avoid fines by integrating devices with operational software

Design. Deploy. Support.

As a global provider, Barcodes, Inc. grants you instant access to a network of professionals that support you from project start to finish and every step in between.
