

## Optimize Your Logistics Operation

Drive efficiency and profits with industry leading solutions

Whether you transport luxury cars, a life-saving vaccine, or anything in between, seamless delivery requires well-crafted logistics. How do you achieve highly coordinated transport while still meeting quarterly financial goals? By optimizing workflows with customizable, end-to-end solutions designed to level up logistics throughout your operation. Only Barcodes, Inc. gives your plant the tools it needs to receive with ease, ship with confidence, and deliver in even the toughest environments.

### Level up logistics

- Improve your receiving and put away operations
- Leverage real-time visibility of in-transit and in-yard freight
- Enhance shipment verification using RFID
- Maximize load plans on your delivery trucks
- Optimize routes from dock to delivery with ease
- Gain universal mobile device management and support

Elevate your enterprise with technology that doesn't just drive flawless transportation but helps simplify it. Only Barcodes, Inc. partners with tech's biggest brands to help you optimize resource utilization and boost operational efficiencies with solutions that minimize waste, maximize agility, and bring out the best in augmented workers.

### Drive flawless transportation

Transform your enterprise with best-in-class technology

## Barcodes: A Fully Managed Turnkey Solution

Achieve seamless delivery through exceptional logistics

### Experience Barcodes EDGE

- **Expedite the put away process**—keep an eye on asset levels and their locations in real time with reliable mobile computers
- **Receive with ease**—ensure inventory accuracy with versatile mobile computers
- **Avoid mis-shipments**—save time and money on freight with RFID readers that verify items as they're loaded at the dock door
- **Optimize every resource**—gain real-time insights – leverage yard management real-time visibility of in-transit and in-yard freight to give you unmatched flexibility and insights
- **Keep an eye on assets**—trace from production to disposition – utilize RFID to trace goods after they leave the facility down to their specific lot numbers to prevent mass recalls
- **Economize space**—leverage user-friendly software to ensure pallets are packed to maximize space and save money on transportation
- **Dictate driver routes**—oversee driver routes – save time and fuel, while enhancing safety through route optimization and compliance with ELD mandates through the use of mobile computers and tablets

## Design. Deploy. Support.

As a global provider, Barcodes, Inc. grants you instant access to a network of professionals that support you from project start to finish and every stop in between. Tailor-made for on-time, on-budget, large-scale deployments, our end-to-end services and solutions are reliable, integrable, and completely customizable.

### Solution Design/Implementation

Implement comprehensive project management, mobile technology support and onsite setup, installation, and replacement of technology

### Device Support & Management
