Evolve your Warehouse

Improve operational efficiencies with RFID Solutions

From inbound receipt verification to cycle counting to error-free fulfillment, managing the flow of items in your warehouse has never been more challenging. Only Barcodes, Inc. supports your facility with an industry leading RFID portfolio that helps your business harness RFID to revolutionize your operations and increase visibility.

Revolutionize your warehouse

- Validate incoming inventory
- Streamline put away, picking, packing, and shipping
- Enhance your reverse logistics
- Verify outbound shipments

- Cycle Counting
- Pallet Aggregation
- Box Contents
- Container Tracking

Running a better warehouse starts with you, but it doesn't end there. Barcodes, Inc. partners with tech's biggest names, transforming your plant into a state-of-the-art, centralized hub, where up-to-code products flow to the market with ease, accuracy, and convenience.

Achieve amplified productivity with top-of-the-line tech

Transform your warehouse with tools that boost efficiency, customer loyalty, and profits

1 Dock Door RFID Portal
Verify contents of incoming and outgoing shipments
